

## 20th of May Final Event: Open Science and Open Badges - How it works?

Dear lecturer, this is our fifth newsletter and we have a big announcement: the Final Event in Girona is here!

Within the framework of the OBERRED (Open Badge Ecosystem for the Recognition of skills in Research Data management and sharing) project, the final event is being organized and will take place in Girona at the Manel Xifra Boada Auditori, Narcís Monturiol – Parc Científic i Tecnològic de la Universitat de Girona on 20th of May 2022 starting time at 12:30 a.m.

Final Event

\*Latest News

The OBERRED project will soon come to an end (August 2022) and is expected to achieve its initial objectives. We are pleased to announce that we are going to celebrate a final face-to-face event that will take place in Girona together with all the partners that are part of this project. We are partners from different countries such as France, Germany, Poland, Italy and Spain. With a pandemic in between, we can say that although it has been difficult, we have been able to adapt to the circumstances and achieve our goals. That is why we are very happy and excited to be able to celebrate this final project closing event in person and to be able to share our impressions, conclusions and learnings throughout this time.

The Agenda is set with the Presentation of the project and we have been honoured with the presence of the expert and specialist in Open Science and Vice President for Strategic Planning and Research at the Universitat Oberta de Catalunya (UOC), Marta Aymerich.

We are pleased to invite you to attend in person or online. Register for the event [here](#).
