

FINAL EVENT AND FINAL RESULTS

Dear lecturer, this is our sixth and last newsletter and we are pleased to share some pictures and impressions from the event. As you already know the Final Event was held on 20th of May 2022 in Girona where we had the opportunity to disseminate the OBERRED project progress and results.

It was a great opportunity to welcome and meet people from Open Badges field. Specially we had the opportunity to hear a specialist and expert in Open Science as Marta Aymerich from the Open University of Catalunya (UOC) with whom we could learn more regarding Open Science and its applications and the challenges it faces today.

BONNE PRACTICE
FOR TECHNICAL

We were able to have a very pleasant chat with open questions on the subject that helped to form a debate and learn about other challenges and perspectives. In person and online participation have met our expectations and we are happy with the impact it has had.

OBERRED project has gone a long way, a lot of work was done and the results have been met which is something we are proud of and of all partners.

Being our last newsletter, we want to take the opportunity to thank our readers for their time and for joining us throughout this project.
